Consignment Note

This was done during lunchtime as there wasn't any person in charge available, so inspector manage to take some pictures of the items in the container which consist of SKU for **PO77884(Hampton Pewter)**. Please see picture below.

Haiyan did not do any unloading at the point of time. After inspector manage to take a few pictures, they pulled the container away to be placed elsewhere. Please see video below. The container number is

Video.mp4

Please double click to watch the video.

On another note, inspector talked to the on-site operators, learnt that if there's no "Made in Malaysia" word printed on the box, below barcode, the product is directly from China. For those that with "Made in Malaysia" word printed, indicates that the product is produce in Haiyan MY facility. Please see picture below as reference.
